For All Users of QuickBooks — Top 10 Quick Tips, Part 3

This issue continues our series of Quick Tips Top 10. In this and the next few editions of the newsletter, you'll find answers to the 10 most frequently asked questions from QuickBooks users. This time, we focus on how to find text using filters. Plus, we'll look at errors caused by the W32.Blaster.Worm virus.

Q: How do I find text in a check stub memo or in the description fields of an invoice?

A: Change the find filter to include the line memo/description and exclude the overall memo. [Learn more](#).

The following errors are caused by the W32.Blaster.Worm virus:

- Error C=342
- RPC Server is unavailable
- QBCenters could not find a critical file
